Another princess story. In this one, you have just received the mystical arrow of the Pearl Prince, when it is stolen right in front of you by a shape-changing mercenary. And by shape-changing, I mean into animals. (The series really likes panthers.) Anyway, you have decided to reclaim what is yours (since you need it for the wedding the next day), no matter the danger.

HO scenes are fun, Plot is interesting, and the minigames exciting. Recommend purchasing in the bundle.
